Comments	<ol style="list-style-type: none">1. Enforce cell phone policy.2. It is very cold in here, need to turn down temperature. thank you.3. Internet does not have many sites that I need.4. There are a lot of websites that need to be unblocked. There is a website like ask jeeves called yahoo answers where you can get answers to many questions and it is blocked. yahoo 360 is the same way it has it owns email account. I thought this was a college not elementary school.5. Me and other students have realized that a lot of important websites are blocked. The only websites that students feel like should be blocked are porn websites. Yahoo has many great things that we need that help us with classes like online teachers from other college that teach. Yahoo 360 is a email resource that many of my messages from instructors are sent to. I have been to macon state and realized that every thing is unblocked. So the library is poor as far as the internet. another great site is collegeclub that has great links to resources we can use like purchasing text books and scholarships.6. The computers should allow us to visit more sites I couldn't finish my project because it is on meth and drug use but I could not visit any sites on it.
